ControlTrac with Electronic Limited-Slip Differential
Remote Start System

Zone lighting

Working after dark? Whether your expedition is running or not, smartly use it's exterior lighting to brighten up your location. Concentrate light into specific zones around the vehicle from the cabin's touchscreen.

Ford Trail Control™

Similar to cruise control, Ford Trail Control lets you select a desired speed and the system takes over. It controls acceleration and braking with challenging road conditions.

ActiveX™ Seating Material

ActiveX is a high-end synthetic seating material designed to fit your active lifestyle. It is easier to clean, resistant to staining, and more durable than leather while maintaining a premium look and feel over time.

2024 Ford Expedition Timberline

Exterior Features

Oxford White

LED Reflector Headlamps with LED Signature Lighting

Configurable Daytime Running Lamps

LED Fog Lamp with Ebony Black Bezel

Lip Spoiler

Rear View Camera
