

GLOBAL FLEET SALES

Driving Success Forward

Who We Are

Ford Global Fleet Sales (FGFS) is an authorized Ford distributor and proud member of RMA Group. FGFS offers factory-direct access to Ford vehicles along with tailored support services designed for mission-critical operations.

FGFS has delivered trusted vehicle solutions to some of the world's most challenging markets. We specialize in serving organizations operating in developing, post-conflict, and remote regions.

**As Ford's Authorized Global Distributor,
Our Mission is Your Mission.**

We are a trusted partner to NGOs, governments, and global corporations; committed to delivering quality, reliability, and operational confidence wherever they're needed most.

FGFS brings global strength to local challenges, empowering our partners to achieve their goals anywhere in the world.

Global Reach

Ford Global Fleet Sales has dedicated staff in the United States, Colombia, Spain, Norway, the United Arab Emirates, and Thailand. Additionally, we have assembly and modification centers located in Thailand, Dubai, Turkey, South Africa, Cambodia, Myanmar, and Australia.

Our extensive global network, including fleet experts, engineers, sales staff, and Ford's dealers, ensures seamless delivery, top-tier maintenance, rapid deployment, and technical support in over 100 markets worldwide.

A Legacy of Excellence

Ford Global Fleet Sales is a proud subsidiary of RMA Group, a leading multinational company delivering automotive, equipment, engineering, financial, and food service solutions across Southeast Asia and beyond.

RMA Group is comprised of more than 300 companies operating in 14 countries, supported by over 9,000 employees.

For nearly 40 years, RMA Group has built a reputation for service, partnership, and performance. Its core values of Innovation, Integrity, and Endurance guide all operations. FGFS proudly reflects these principles in every fleet solution we deliver.

GLOBAL FLEET SALES

Why Choose FGFS?

As Ford Motor Company's authorized global distributor, FGFS has over 25 years of experience managing complex international vehicle projects.

Our in-house engineering team collaborates closely with a global sales team and customers to develop tailored solutions that maximize efficiency, reduce waste, and elevate performance.

We support you with transparent, cost-effective procurement every step of the way.

Cutting-Edge Fleet Solutions

FGFS delivers expert-driven, globally compliant fleet solutions tailored to your unique organizational needs. Our customized project approach and expertise help reduce costs, avoid over-investment, and ensure project specifications are met.

Core industries include:

Ford Factory-Direct

Emergency

Security

Industrial

Unrivaled Modification Capabilities

Power your fleet with FGFS; global expertise and vehicles built without compromise.

At FGFS, we build mission-ready vehicles tailored to your fleet's unique operational needs. Whether you're responding to emergencies, transporting cargo, or navigating harsh terrain, our global modifications deliver dependable solutions.

Our lineup includes ambulances, emergency response vehicles, mobile clinics, fire trucks, secure transport, refrigerated units, utility trucks, and more; all engineered for performance, safety, and reliability.

Every build is precision-modified with features such as roll cages, armored protection, climate adaptation, and advanced communication systems. No matter the task, we help you get the job done.

Available Bodystyles

Double Cab Pick-Up

Single Cab Chassis

Available 2026

1."Mid-size" refers to vehicles within the PU/CC 4X4 category of the VFACTS Light Commercial Model Segment.
2.Maximum towing capacity braked using Genuine Ford tow equipment. Does not include tow ball-available at additional cost. Subject to State and Territory regulations. To comply with these limits, any load transported by the vehicle may need to be restricted to not exceed the GCM and GVM limits.
3.Gross Vehicle Mass is the maximum allowable weight of a vehicle including any load transported by the vehicle, including tow ball down weight of a trailer but excluding the weight of a trailer itself. GCM is the maximum allowable weight of the vehicle and its trailer. Subject to state and territory regulations. Stated vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding any load to ensure the maximum GVM, GCM and Gross Axle Weight Ratings (to be released closer to on-sale date) are not exceeded.
